It appeared necessary from experience  
derived since the opening of the school that more  
circumspection should be exercised in the case of  
sending children to the school conformable to the  
recommendation in the printed circular of the  
12th month last. And to preserve the order  
necessary to carry the object of the yearly meeting  
into more complete effect. It is recommended  
that each Monthly meeting appoint a few judicious  
friends to whom application may be made to  
Parents or Guardians of Children who are desirous  
of sending them at the school. And that the fr-  
iends appointed consider it their duty not only  
to enquire that the Children come in a plain  
dress and in the use of the plain Scripture Lan-

that they give a few lines to that import for the
