EXTRACTS FROM THE MINUTES OF THE YEARLY MEETING OF FRIENDS FOR NEW-ENGLAND, HELD ON RHODE-ISLAND.

From the 14th to the 19th, inclusive, of the Sixth Month, 1840.

The Annual Report of the Committee having the superintendence of the Boarding School, under the care of this Meeting, was produced and read, and being satisfactory to Friends, the Clerk was directed to forward copies thereof to our several Quarterly and Monthly Meetings. From the Minutes of said Meeting, A. SHEARMAN, jun. Clerk.

TO THE YEARLY MEETING.

The School Committee Report, That they have endeavoured during the past year to attend to the service to which they were appointed by the Yearly Meeting. The average number of Scholars, for the year, has been eighty-six; for the past term, one hundred and eighteen. Meetings for divine worship have been regularly held in the house, except during the vacations; and harmony has prevailed.

Our friends Allen and Olive Wing continue to serve acceptably as Superintendents. Samuel Austin and Pliny Chase are employed as Teachers in the male department, and Emmeline Aldrich and Elizabeth Osborne, in the female School. Jonathan L. Slocum has been engaged in the Institution as a Teacher during the past year, and Charles F. Coffin, jun. and Sarah J. Brown as assistant Teachers during the last term. George F. Read continues to give instruction in the Languages, and to have charge of the accounts.

The Treasurer's and Superintendent's accounts have been examined and settled, by which it appears that the income of the School has exceeded its expenditures by \$3,444 51, by which we are enabled to liquidate the debt of the Institution reported last year, and leave in the Treasury a balance of \$1,136 84. We do not think it expedient, however, to propose to the Yearly Meeting any considerable reduction in the terms of the admission of scholars, as the situation of the house and premises is such that a pretty large expenditure will soon be required for repairs and improvements. For details of the receipts and expenses we refer to a copy of the Superintendent's account, herewith forwarded.

Ten scholars have enjoyed the privilege of the charitable fund the last term, and the same number may be received for the next winter term; and monthly meetings are requested to forward their applications for this privilege, by the time of the meeting of the Sub-Committee, on the 29th of 9th month next.

We would propose that the price per term, for admission of members of this Yearly Meeting, be \$30, commencing with the ensuing winter term: for those who are not members, one or both of whose parents are members, (should any such by direction of the Yearly Meeting be received) be continued at \$45; and for members of other Yearly Meetings, \$50; and that \$10 per term additional charge should still be made for instruction in the Languages. Stationary and books, (except such as are required for the study of the

to take the necessary care with respects to the
Charity fund

Committee Sissan informed that they had not had an

higher branches of Mathematics and the Languages) we would propose, should continue to be furnished at the expense of the Institution.

In the discharge of the duties that have devolved upon us in the direction of the concerns of the School, we have been desirous to keep steadily in view the original design of Friends in its establishment, viz. "the imparting to the youth of our Society a religious, guarded education, free from the contaminating influences of the world." While situated in this Institution we feel that parents have a right to expect that their children will be in good degree preserved from the hurtful things that abound in the world; that their tender minds will not receive impressions calculated to lessen their attachment either to the principles of our religious Society, or to the testimonies founded upon them. The press at the present day teems with publications, many of which are such as concerned parents would be unwilling should be placed within the reach of their children; and to maintain our Christian discipline, by restraining, so far as we are able, "from the reading of pernicious books," has appeared to us to be an important duty to be exercised by the Committee, and which we believe has rested with weight upon those who have been under this appointment, since the first establishment of the School. The time for which most of the pupils are placed in the Institution being limited, and necessarily mostly occupied in pursuing their regular studies, much opportunity is not afforded for general reading; and as the School is furnished with a valuable Library, consisting of not less than fourteen hundred volumes of well selected books, received principally from the bequests of our late beloved friends Moses and Obadiah Brown, to which the children have free access, we thought it proper in the 11th month last, after carefully considering what books and publications it was best to use and receive in the School, to adopt the following regulation, viz. "Believing that the Library of this Institution, together with the books and periodicals that have already been approved by this Committee, will afford the means for as great a variety of reading as the time and best interests of the scholars will require, it is our judgment that it is not expedient to extend the number at the present time; but that any books or publications brought by the scholars, or sent to them, be laid aside and preserved for them until they leave the School; or, if deemed best by the Superintendents, forwarded to their parents or guardians." While by adhering to this rule, we are aware that many writings are excluded with which we have no controversy, yet with the exercise of a sufficient liberality on the part of the Committee in the admission of those that will be likely to be productive of usefulness, we apprehend its adoption will not be deemed oppressive; but we trust it will prove a relief and satisfaction to many parents in different sections of the Yearly Meeting, who wish to place their children in the School.

During the past year, with the exception of the latter part of the last term, when the measles prevailed extensively but mildly in the house, the various inmates of the family have been favored with the enjoyment of nearly uninterrupted good health; which mercy, among the many we have received, calls for gratitude to Him from whom cometh all our blessings.

On behalf and by direction of the School Committee,
Boarding School, 5th mo. 8th, 1840. SAMUEL BOYD TOBEY, Clerk.

[The next Winter term will commence on Second-day, 11th mo. 2d. The next Summer term, on Second-day, 5th mo. 3d, 1841.]

 confided to them by the Yearly Meeting. The average number of scholars in the Institution
 has been eighty-five. Meetings for religious worship have been regularly held in the house,
 except during the vacations; and harmony, we believe, has prevailed.

Our friends Allen and Olive Wing continue to occupy the place of Superintendents,
 acceptably to us. Samuel Austin and Joseph W. Aldrich are employed as Teachers in the
 Boys' School, and Emmeline Aldrich and Rebecca Chipman in the Girls'. George F. Read
 continues to have charge of the Books, and to instruct in the Languages. Pliny E. Chase
 has been employed as a Teacher during the past year, and Charles H. Nichols, Elizabeth H.
 Osborne and Lydia Earle, each, one term.

The Treasurer's and Superintendent's accounts have been examined and settled, by
 which it appears that the income of the School has exceeded its expenditures by \$1066, 31
 cents, and that there is now a balance in the Treasury of \$2203, 15 cents. Twenty-two
 hundred and twenty dollars and 17 cents have been expended in various repairs on the
 buildings and furniture for the house; and as many additional repairs and improvements are
 required about the house and farm, we do not consider it expedient to propose any change in
 the price of admission from that of last year, viz. \$30 per term for members of this Yearly
 Meeting; \$45, for those who are not members, one or both of whose parents are members;
 and \$50 for members of our Society, of other Yearly Meetings; Books and Stationary to
 continue to be furnished, as at present. We herewith forward a copy of the Superintend-
 ent's account, for the information of the Yearly Meeting.

While the Committee believe that manifest advantage has resulted from the division of
 the year into terms, they are sensible it has not been so fully realized as is desirable, from the
 circumstance that many scholars have entered for a less time than one term, and at different
 periods in it. While we are aware there may be cases in which parents may desire to place
 their children in the School for only three months, and we would not wish to deny this privi-

lege when circumstances seem to forbid their remaining through a whole term, yet we hope these applications will not be frequent; and we believe the good of all requires that in future, in such cases, the scholars shall enter either at the commencement or the middle of the term.

Inconvenience has sometimes arisen from a neglect of the observance of the regulation adopted by the Yearly Meeting at the establishment of the School, that for all males over fourteen years of age, the consent of the Sub-Committee to their entrance must be obtained previously to their coming to the School, and for the future we would propose that this Rule should be strictly adhered to. It will be remembered that the Sub-Committee meets at the Institution on third day before the first fifth day in every month.

Ten scholars have enjoyed the benefit of the charitable fund during the past term; and the same number may receive the privilege the ensuing winter session; and Monthly Meetings are requested to forward their applications at or before the time of the meeting of the Sub-Committee on the fifth of the tenth month.

An examination of the School has taken place at the close of each term, in the presence of special Committees appointed for that purpose, and their reports of the proficiency of the pupils and the general condition of the School, have been satisfactory to us. In the one presented at this time, after referring to the satisfaction derived from the visit, the Committee proceed to state, that "the correctness of the recitations of the children, and the readiness and knowledge manifested in the various studies to which they have given their attention, evinced a commendable degree of industry and application on the part of the scholars, and of care and diligence on that of the Teachers; and the general appearance of the schools and the orderly deportment of the pupils while we were with them, received our approbation." We can but regret that the number of scholars is not larger than it has been for the past few years, believing as we do, that an opportunity is afforded in this Institution to obtain a useful education, in good measure guarded from the contaminating influences of the world; and we would desire that Friends might be encouraged to avail themselves of its benefits.

In conclusion we may state that the family and scholars have been favored with almost uninterrupted good health during the past year; which, with the many other mercies graciously extended to us by Him who condescends still to care for us, calls for the tribute of grateful hearts.

On behalf and by direction of the Committee,

SAMUEL BOYD TOBEY, Clerk.

Boarding School, 5th mo. 7th, 1841.

[The next Winter term will commence on Second-day, 11th mo. 1st. The next Summer term, on Second-day, 5th mo. 2d, 1842.]

THE Meeting for Sufferings having published an edition of Memorials of deceased Friends of this Yearly Meeting, it was recommended to subordinate Meetings to enter into subscriptions therefor, (at twenty-five cents each,) and the Clerks of Monthly Meetings were requested to forward to the Clerk of the Meeting for Sufferings, an account of the number of copies called for in each Meeting.

EXTRACTS FROM THE MINUTES OF THE YEARLY MEETING OF FRIENDS FOR NEW-ENGLAND, HELD ON RHODE-ISLAND, From the 12th to the 16th, inclusive, of the Sixth month, 1842.

The Annual Report of the Committee having the superintendence of the Boarding School under the care of this Meeting, was produced and read, and being satisfactory to Friends, the Clerk was directed to forward copies thereof to our several Quarterly and Monthly Meetings. From the Minutes of said Meeting, A. SHEARMAN, Jun. Clerk.

TO THE YEARLY MEETING.

The Committee appointed to superintend the various concerns of the Boarding School, again report, That they have endeavored during the past year to discharge the important duties confided to them by the Yearly Meeting. The average number of scholars during the year, has been seventy-seven, and during the last term, one hundred. Meetings for divine worship have been regularly held in the house, except during the vacations; and harmony has been preserved.

Our friends Allen and Olive Wing continue acceptably to occupy the station of Superintendents. Samuel Austin and Joseph W. Aldrich are employed as Teachers in the Boys' School, and Emmeline Aldrich, Elizabeth H. Pope and Elizabeth J. Aldrich in the Girls'. In this arrangement provision is made for Emmeline Aldrich to be absent during most of the present term. George F. Read continues to act as book-keeper and teacher of Languages. Charles F. Coffin, jun. Rebecca Chipman and Annabella King have each been employed one term during the past year.

The accounts of the Treasurer and Superintendent have been examined and settled, by which it appears that the income of the School has exceeded the expenditures by about 1,600 dollars. Some improvements have been made on the premises and buildings, and others are now in progress, and as much remains to be done which we deem important for the interests of the Institution, we have not thought it best at this time to propose any change in the prices of admission from those of last year, viz: \$30 per term for members of this Yearly Meeting; \$45 for those who are not members of Society, one or both of whose parents are members, and \$50 for members of other Yearly Meetings.—Books and Stationary to continue to be furnished as at present. We herewith forward a copy of the Superintendent's account for the information of the Yearly Meeting.

The charitable fund will support, for the present year, fourteen scholars, one term each, (there having been received since our last report, a balance of income heretofore due this fund,) and Monthly Meetings are requested to forward their applications for this privilege in season for the meeting of the Sub-Committee at Providence, the 4th of 10th month next.

Our late friend Moses Brown having in his will bequeathed to this Institution 5000 dollars, to be appropriated in whole or in part to the purchase of real estate adjoining the School premises, the Committee have in conformity therewith purchased two tracts of land, of about ten acres each, at a cost of about the sum above named; a part of which has been paid out of the income of the common fund, the special bequest not being available for this purpose, at the present time.

An examination of the scholars in the presence of a Committee of our number has taken place at the close of each term, and the evidence we have received of the fidelity of the Teachers and the general diligence and orderly deportment of the Scholars has been satisfactory and encouraging to us—and we feel that we have cause gratefully to acknowledge that He, from whom proceedeth all our blessings, has been pleased to regard this Institution, and to own the concern of Friends in its establishment and continued progress.

On behalf and by direction of the School Committee, SAMUEL BOYD TOBEY, Clerk.

DEAR FRIENDS,
We have, through the favour of the Lord, been again permitted to meet, and to examine into the state of our religious Society. We acknowledge that unfaithfulness to the Divine law still exists amongst us, and that hence many deficiencies are found within our borders: we nevertheless rejoice in the belief that the Lord is still caring for us, and owning us by tokens of his care. Let us then be of good comfort, and trust that, as we abide humble and steadfast before Him, he will enable us increasingly to show forth his praise. In a renewed sense of his loving-kindness, of which we have been permitted sensibly to partake, we salute you, our beloved friends, desiring that grace and peace may be multiplied unto you, through the knowledge of God and of Jesus our Lord.

We turn in love and sympathy to our dear friends
who are laboring under the infirmities of declining
years. Some of you, we believe, feel your allot-
ment to be very solitary; you have lost the compan-
ions of earlier days; those with whom you may
have taken sweet counsel. May your faith be
strengthened as you look towards the end of your
pilgrimage. May the love of Christ our Saviour,
cheer you in your lonely moments, in the remem-
brance of the mercy and faithfulness manifested to-
wards you through the whole course of your lives.
Be encouraged to lean upon the Lord your Redeem-
er: cast all your care upon Him; and believe that
as faith and patience are maintained, you will be
finally admitted, clothed in the robe of his righte-
ousness, to the blessed company in heaven who in-
herit the promises.

The circumstances of some of our small meetings
for worship, have afresh awakened our warm and
Christian interest for those who are members of
them. We affectionately encourage you, dear
friends, to be diligent and punctual in coming to-
gether; and to present yourselves in reverence of
soul before the Lord. Many of you we doubt not,
are at times comforted by his presence, and enabled
to worship Him in spirit and in truth. You may
have very few companions in religious fellowship to
hold up your hands in a true Christian course of con-
duct; but let this be an additional call upon you to
be very careful that you bring no reproach on your
high profession, and to strive from day to day to act
in uprightness and consistency in all things. Then
will you happily partake of heavenly peace, and
know the Lord through the riches of his grace to
supply all your need.

It is our earnest concern that we may, every one
of us, be brought deeply to feel the sinfulness of
sin; and to see that as we are all, by nature, fallen
creatures, and prone to evil, so we all need a tho-

rough change of heart and affections, through the
effectual working of the power of God in us. The
Lord Jesus Christ died to save us from sin, and to
restore us to the divine image in which man was origi-
nally created. O then that we all may come in faith
unto Him! He has declared of himself "I am the
way, the truth, and the life: no man cometh unto
the Father, but by me." But if we would know
him to raise us up to spiritual life, we must be will-
ing that he should lay the axe to the root of the cor-
rupt tree, baptize us with the Holy Ghost and with
fire, and cleanse us from all impurity; crucifying us
unto the world, and the world unto us. The pro-
gress of this work is often gradual; many are the
conflicts of flesh and spirit, and repeated the assaults
of the enemy of our souls' happiness before deliver-
ance from sin is wrought; before we fully know all
things to become new, and all things of God. Great,
however, is the blessedness of that life which is hid
with Christ in God. We therefore earnestly covet
that every one may be willing patiently to submit
to the turning of the Lord's hand upon him. Then
shall we be brought to feel in our own experience,
as we follow on to know the Lord, that Christ is in-
deed our light and our life; that, according to his
own declaration, He is the bread which came down
from heaven, and that if a man eat of this bread, he
shall live forever:—words of consolation to the hun-
gry soul. Thus feeding on him the living substance,
we shall clearly see that all the types and ceremo-
nies of a former dispensation were the shadow of
those good things which are already come, and we
shall truly feel that "the kingdom of God is not in
word, but in power;" "not meat and drink; but
righteousness, and peace, and joy in the Holy
Ghost."

These are heavenly truths given forth by our
blessed Lord and his apostles; but at a very early
period of the Christian church a gradual declension

cept in, and the truth as it is in Jesus was obscured
by the corrupt devices of men. Human wisdom and
worldly power grievously interfered in spiritual things;
a long and dark night of apostacy ensued: but in the
mercy of God, light and truth again broke forth, and
we believe that He gave to our predecessors a further
insight into the corruptions that had so long reigned
among the professors of the Christian name, than had
been given to any who had gone before them in the
great work of reformation. By the inshining of this
light, they saw that the ministry of the Gospel of
peace and salvation through our Lord and Saviour Jesus
Christ is a gift from God himself; that the putting
forth of the good Shepherd is to be waited for from one
time to another in the exercise of this sacred office,
and that it ought only to take place under the renewing
of the Holy Ghost, and in the ability which God giveth.
We thankfully believe that from the early rise of our
Society, the Lord has been pleased to bestow this gift
upon servants and upon handmaidens without respect
of persons, and that it has been exercised in his fear,
and to the honour of his name; and we would humbly
acknowledge that He does not at this day withhold
from us this living ministry. We pray that he may be
pleased to grant us its continuance and increase, and
to keep us from ever desiring any other. That which
is uttered under the qualification already set forth,
will be delivered in the humiliation of the creature; it
may sometimes be only in a few sentences: but as a
holy care prevails to move only under the leadings of
the Spirit of Truth, unexcited by the activity and affec-
tion of the natural man, it will contribute to the edifica-
tion of the body in love. May we all, dear friends, when
met to worship God, be found so bowed in spirit
before Him, as to receive in simplicity and faith that
which may be thus delivered, ever cherishing a tender
feeling for those who are called to the ministry, and
a sympathy for the exercises which all such, and es-

The Committee in the case of William Barker Jr
have made the following report (viz) To the monthly
meeting, Dear friends, We have had an opportunity
to see Barker Jr. But he did

pecially those who are naturally of diffident minds,
may have to pass through.

It was, we believe, under a deep sense of the right-
eousness of the law of Christ, that our early friends
were led to an open testimony against all deceit and
flattery, to truth-speaking in their language, to honesty
and sincerity in their dealings, and to that plainness in
speech, in behaviour, and in apparel for which they
were conspicuous; knowing that it was required of
them, as a part of this law, not to imitate the chang-
ing fashions of a vain and inconstant world. And we
believe that the more our testimony in these respects
is thus received, the more it will be felt that it is our
duty as a Christian body faithfully to uphold it.

A reverent filial fear of God, in deep self-abase-
ment before Him, is a state of great safety. This fear
not only subjects the will, and prepares the way to
bear the cross, but produces a tenderness of conscience
in which there is great caution not to violate the di-
vine law, and a quickness of understanding to perceive
what this law is, and to distinguish that which, although
it may have the semblance of good, is at the same
time contrary to its purity. The conscientious follower
of Christ is especially careful in no way to compro-
mise his principles. Whilst treated with respect and
esteem by those around him, and in the full enjoy-
ment of his civil rights, he is anxious to be prepar-
ed, if trials should come upon him, to act with fidelity
and firmness. He is more solicitous not to violate this
law than to escape from suffering. He knows that if
he would reign with Christ, he must be willing to suf-
fer with him; he feels that, if this should be his por-
tion, he can take comfort in those words of the apostle,
"Unto you it is given in the behalf of Christ, not only
to believe on him, but also to suffer for his sake."

We have each a duty to fulfil in the church; and
we shall have each to give an account of the right
occupation of the gifts entrusted to us. Many by
shrinking from the use of these gifts have suffered loss

 themselves, and deprived the church of their services.
 We therefore in love exhort our friends to be watchful
 in this respect; all are not called to the same office,
 but every living member has a place of usefulness
 in the body: and as he seeks for renewed qualifications
 from on high, as he is concerned to live not unto him-
 self, but unto Him who died for us and rose again, he
 will experience that the service of Christ is blessed;
 and that in it there is a joy, and peace, and holy settle-
 ment, which the world can never bestow.

The accounts of the sufferings of our friends in the
 maintenance of our testimony against all ecclesiastical
 demands, including the costs and charges of restraint,
 is upwards of ten thousand eight hundred pounds. An
 unhallowed interference with sacred things by the exer-
 cise of human authority, and the usurpation of an unwar-
 ranted influence on the mind of man in these matters,
 preventing the full surrender of the heart to the right-
 ful government of our holy Redeemer, have long im-
 peded the progress of vital Christianity on the earth.
 These evils are at this time showing themselves under
 various and specious forms in this and in other lands.
 Hence we feel it additionally incumbent upon us to
 maintain, through holy help, in meekness and firm-
 ness, that testimony to the free teaching of the Spirit
 of Truth and to the undivided authority of Christ in his
 church, which our society has always borne. Were
 we to abandon these principles we could not expect to
 flourish or even to exist as a distinct religious body.

An Epistle from our dear friends in Ireland, and one
 from the several Yearly meetings of North America,
 have been received in this as in former years, to our
 comfort and instruction.

We have been deeply afflicted by the consideration
 of the continued existence and extent of slavery in the
 colonies and dependencies of several of the nations of
 Europe, as well as in America; and we have been led
 into feelings of warm sympathy with the suffering vic-
 tims of this cruel and anti-Christian system, wherever

 they may be: we earnestly desire that the day may be
 hastened when every yoke of oppression shall be
 broken.

War still prevails in the East: we mourn over the
 calamities and miseries which it is producing. We
 think with sorrow of heart on the lot of those of our
 countrymen who are sent forth, not on works of mercy,
 to distant lands where the inhabitants of this favoured
 isle ought to show forth the fruits of the mild and
 peaceable religion of Jesus; but on errands of revenge
 and bloodshed, from which they may never return.
 May it please the Almighty Parent of the universe so
 to influence the hearts of our rulers, as that peace may
 be speedily restored, and that they may maintain the
 bond of amity with every nation of the earth.

Whilst thus adverting to the distresses of the peo-
 ple of distant countries, we are not insensible to the
 sufferings of the poor at home. We turn with feelings
 of deep commiseration to the multitudes in this land
 who are pining from penury, and from an utter insuffi-
 ciency of food and raiment. These privations are
 very hard to endure, but we may be instructed in ob-
 serving the great patience with which they have been
 borne. Many of our members have taken an active
 part in alleviating the miseries by which they were
 surrounded; and we encourage all our friends liber-
 ally to perform this obvious Christian duty, of caring
 for and helping their distressed neighbours; ever re-
 membering "the words of the Lord Jesus, how he
 said, It is more blessed to give than to receive."

Dear friends, we separate in love, and under a pre-
 cious feeling of that harmony with which we have pro-
 ceeded in various important deliberations. We cor-
 dially bid you farewell in the Lord.

Signed, in and on behalf of the Meeting, by

EXTRACT
FROM THE MINUTES OF THE
YEARLY MEETING OF FRIENDS FOR NEW-ENGLAND,
HELD ON RHODE-ISLAND,
From the 11th to the 17th, inclusive, of the Sixth month, 1843.

THE Annual Report of the Committee of this Meeting having the superintendence of the Boarding School at Providence, was produced and read; and the Committee were encouraged to persevere in their efforts for the right education of the children and youth of the Society, under a persuasion that a blessing will attend their faithful labours herein; and the Report being satisfactory to Friends, the Clerk was directed to forward copies thereof to our several Quarterly and Monthly Meetings. From the Minutes of said Meeting.
A. SHEARMAN, jun. Clerk.

TO THE YEARLY MEETING.

The Boarding School Committee Report, That they have endeavoured, during the past year, to discharge the duties confided to them in superintending the various concerns of the Institution. The average number of scholars during the year, has been eighty, and during the winter term, one hundred and nine. Meetings for divine worship have been regularly held in the house, except during the time of the vacations, and harmony has prevailed.

Our friends Allen and Olive Wing continue to fill acceptably the station of Superintendents. Jonathan L. Slocum and Samuel Austin are employed as Teachers in the Boys' School, and Emmeline Aldrich and Elizabeth J. Aldrich in the Girls'. Charles F. Coffin, jun. is engaged to take charge of the accounts, and to have the care of the Boys out of school hours. George F. Read, Joseph W. Aldrich and Elizabeth H. Pope have severally been employed as Teachers during the past year.

The accounts of the Treasurer and Superintendent have been settled, by which it appears that the receipts of the School during the past year, have been \$11,280⁰⁰/₁₀₀; its expenditures \$12,305⁰⁰/₁₀₀, a part of which was derived from the funds on hand at the close of the last year. This amount includes the sum of \$3,116⁰⁰/₁₀₀, that has been appropriated to repairs and improvements; especially in erecting a building for a wash-house, and in making a substantial wall around a part of the Farm. For details we refer to a copy of the Superintendent's account, herewith presented.

We would propose that the price for board and tuition be continued the same as last year, viz. \$30 per term for members of this Yearly Meeting; \$45, for children who are not members, one or both of whose parents are members of society, and \$50 for those of other Yearly Meetings. Books and Stationary being furnished, as at present. Arrangements are made for giving instruction in the Latin and Greek Languages, to the Boys, and in the French, to the Girls, when their parents desire it, for which we propose, that the additional sum of \$5 per term, should be paid.

The income of the Charitable Fund for the next year, it is estimated, will support twelve scholars, one term each, and Monthly Meetings are particularly desired to forward their applications in season for the meeting of the sub-committee, at the School, 3d of

meeting when we will admit of it

345 - The Quizzes with answers from each of the Preparatory meetings to the 1st & 11th were now read from which summary answers were compiled and 2. answers adopted, which together with the necessary extracts

10th month next. As this is the last meeting of the Committee previous to the commencement of the winter term, it is necessary that applications should be seasonably forwarded in order to avoid disappointment.

The original design of the Yearly Meeting in the establishment of the Boarding School being to provide for the religious, guarded education of the youth of our Society, it has ever been a prominent concern with the Committee to promote this truly desirable end; and they are encouraged and comforted in believing that there are many, in different parts of this Yearly Meeting, who have found in this Institution the means of obtaining a useful education, in good degree free from the contaminating influences of the world. In order to preserve it a select and safe School for our children, we feel it to be very important that the careful guards which from time to time have been adopted by the Yearly Meeting, in relation to the admission of scholars, should be faithfully maintained; and we think it right at this time to revive some of these regulations, and to solicit Friends strictly to observe them.

First. Every Monthly Meeting is desired to have a Committee specially appointed for the purpose of granting certificates to all children, both male and female, whom they may consider suitable to enter the School; and parents are requested in every case, when proposing to send a child to the school, to make seasonable application to such Committee, in order to obtain their certificate.

Second. No male scholar, over fourteen years of age, can enter the School without previously obtaining permission so to do, from the Sub-Committee, who meet on 3d day before the first 5th day, in every month; and a certificate from the Monthly Meeting's Committee must be produced in these as well as in other cases.

Third. It is particularly requested that Committees in granting certificates, will exercise a care that children should bring no clothing to the School unsuitable to be worn on account of plainness; and that they give evidence of a disposition to conform to the rules of the School, and to demean themselves in an orderly and consistent manner; which should be expressed in the certificate.

Fourth. No scholar can enter the School for a less time than one term, without the consent of the Sub-Committee; and when, under peculiar circumstances, it may be deemed proper to admit a child after the term has commenced, it is desired that he will continue in the School until the ensuing vacation.

The faithful observance in this Institution of our well known and important testimonies as to plainness of speech, behaviour and apparel, continues to claim our unabated attention; and we earnestly desire that the importance thereof may be duly impressed upon the minds of the children, before leaving their homes, and that they may be encouraged in no respect to deviate therefrom, and thus wound themselves, and bring reproach upon our profession. In a Circular first issued in 1835, and revived in 1839, copies of which were transmitted to the different Monthly Meetings, some directions were proposed as to what constituted a suitable attire for scholars; to which we desire again to refer Friends who are intending to send their children to the School.

On behalf and by direction of the School Committee,
SAMUEL BOYD TOBEY, Clerk.

Boarding School, 5th mo. 5th, 1843.

[The next Winter term will commence on Second-day, 10th month 30th. The next Summer term, on Second-day, 4th month 29th, 1844.]

To Grants Certificates to Scholars an account from the Treasurer of the Boarding School at Providence was now received & read (which the Clerk is desired to place on record,) by which it appears that the Charitable fund will

defray the expense of Twelve Schollars per term each. Seth Davis, Isaac Lawrence & Benjamin Tucker are appointed a Committee to forward the name of any applicants who may have a right to claim this Priviledge, and also to grant Certificates to Schollars wishing to go too the Boarding School at Providence the ensuing year

Smith & no longer consider him a member of our religious Society & Benjamin Gidley & Otis Slocum are appointed to give him this information & Report when done

By a minute from our last 2. EPISTLE
FROM THE
YEARLY MEETING,
HELD IN

BY ADJOURNMENTS, FROM THE 24TH OF THE FIFTH MONTH, TO THE
2^D OF THE SIXTH MONTH, INCLUSIVE, 1843.
TO THE QUARTERLY AND MONTHLY MEETINGS OF FRIENDS, IN GREAT
BRITAIN, IRELAND, AND ELSEWHERE.

DEAR FRIENDS,

We have again been permitted to meet, and in harmony to deliberate upon many subjects which immediately relate to the welfare of our religious Society; but which, at the same time, we believe to have a close bearing upon the interests of the church universal. Whilst, as a Christian body, we have much cause for humiliation, we are reverently thankful for the evidence now afforded us, that the Lord is near to do us good. Our faith is confirmed in the reality of that foundation on which as a church, we have been concerned to rest; and we invite our brethren and sisters everywhere to build on this unchangeable foundation—"Jesus Christ, the same yesterday, and to-day, and forever."

Beloved friends, come unto him in faith. Wait from time to time for the renewings of the Holy Ghost. Then will you see in the light of truth that you are called to separate yourselves from the world and all its defilements; and constantly to remember, that exalted as the standard is which is set before us, Christ hath left us an example that we should follow

his steps. Truly our calling as Christians is a high and holy calling; but it is that at which we are to aim. What close searchings of heart, what humiliations, and what baptisms are needed, before we are brought to the blessed experience of those who are wholly given up to live unto Him who died for them; but great are their joy and peace; feeling themselves as strangers and pilgrims upon earth, walking in the fear of the Lord, and in the comfort of the Holy Ghost, it is at times given them to feel the consolation of the words of the apostle, "Truly our fellowship is with the Father, and with his Son Jesus Christ."

Let us, dear friends, be encouraged to press after this blessed experience. In so doing we shall be greatly helped by minding the gentlest intimations of the Spirit of Truth. Let us seek to know our Lord's will, even in the regulation of our outward concerns. May our wants be few, and may we set a high value on true contentment; taking heed that we live above the world, and are not buried in its cares. If through the Divine blessing upon our honest industry, riches increase, we should be very watchful not to set our hearts upon them; and, whilst exercising due economy, should be liberal to the poor and distressed. In the discharge of our parental duties, it should be our concern that our beloved offspring do not acquire habits and notions which are at variance with true Christian simplicity, and which may prove a burthen to them. Then, if adversity come upon us, how much bitterness and self-condemnation shall we be spared, and how will our nearest connexions in life escape that suffering which has been experienced in many families, in which a contrary course has been pursued!

As the mind is alive to the value of a renewal of spiritual strength, the duty is strongly felt of withdrawing from the lawful pursuits of business to wait upon God in our week-day meetings. Many amongst

us can bear testimony to the comfort and strength which they have derived from the performance of this service. We entreat all, whether members of large or small meetings, to assemble regularly and punctually to partake of this privilege, - the united worship of the Father of all our mercies, in spirit and in truth. He is still nigh unto all that call upon Him; and as an exercise of spirit is maintained, He causes his living presence at times to be felt to the refreshment of the hungry soul, and renewed ability is received to perform the duties of life to his honour. As the heads of families are thus concerned for the good of their own souls, their care extends to all who are connected with them, whether their children or servants, their clerks or other assistants, that they also may partake of the benefit of attending our religious meetings in the course of the week. Some difficulties may present themselves in making the needful arrangements for this purpose; but as there is a steady perseverance to accomplish the object, we believe that these difficulties will often be found to lessen, and even to disappear.

We take comfort in the persuasion that many of you, beloved young friends, are not only permitted to see and to approve things that are excellent, but that, by following the leadings of Christ the good Shepherd, you have been strengthened to take some steps in the path of self-denial. In this awakened state, you have, we believe, been brought to see the value and the excellency of our Christian principles and practices. Warm are our desires that you may be faithful to the requirements of your Lord; endeavouring to walk before Him in the path of individual duty. May you be kept in a humble, contrite spirit; it is with such that the Lord graciously condescends to dwell. In the exercise of continual watchfulness, be very careful, in the succeeding steps of your Christian progress, that you enter upon nothing which interferes with your bearing the yoke of Christ,

or which renders its restraints irksome. Remember that ye are not your own, that ye are bought with a price; and be concerned so to occupy the time and talents entrusted to you, that you may thereby glorify God in your body and in your spirit, which are God's. The watchword of the day, not only to our younger members, but to those more advanced in life, is - Mind your calling, brethren!

We believe it to have been given to us to uphold Christianity in its primitive purity. The Gospel is that mighty power which is appointed to destroy the works of the devil by setting up the kingdom of Christ in the heart of man; Christ died for our sins, and rose again for our justification - blessed and heart-cheering truths! But the application of that blood which sprinkles the heart from an evil conscience is a spiritual work, to be known only by those whom the Lord hath quickened by his grace to see their need of a Saviour, and to accept Him as their deliverer from the chains of guilt and the power of sin.

The religion of Jesus, in its full development, abrogates all the symbols and rituals of the Jewish church, and destroys those works of the carnal mind, by which, in the time of the apostacy, the priesthood of man was substituted for that of Christ, and outward forms took the place of the unchanging power and holiness of the Gospel. It is but too obvious that there is a great tendency, in the present day, to have recourse to sensible objects and outward observances in the service and worship of God; by which the mind is in imminent danger of resting in forms, rather than coming to the substance of the Gospel. Warm are our desires that our ancient testimony to the spiritual nature of the Christian religion and against all ceremonial usages, may be preserved inviolate; and we strongly recommend our dear friends to be very watchful, that nothing be allowed to estrange them from a full appreciation of its value and importance. May we all be concerned,

both in word and deed, to exemplify before our fellow-professors of the Christian name, the great truth, that "the kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost." We have need to be humbled under a sense of our unfruitfulness, in not showing forth unto others more fully the excellency and the power of these principles; but may we never seek to lower the standard of divine truth to suit our languor and cold-heartedness. If we have not the Spirit of Christ we are none of his; and if Christ be in us, the body is dead because of sin, but the Spirit is life because of righteousness. May we become dead to sin, and alive unto righteousness, then we believe would his gifts be more abundantly showered down upon us, for our own consolation and the edification of the church.

"Where the spirit of the Lord is, there is liberty." The freedom of gospel ministry, and the liberty of all the living members of the Christian church, to exercise the gifts bestowed upon them by its Holy Head, have been among the most prominent testimonies of our religious Society. In the fear of God, our early friends protested against the exercise of authority over conscience in matters between man and his Creator; and against the assumption, by any one individual, to act as the sole agent for the people in their assemblies for divine worship. We believe that this arrangement, by which the conducting of services in a Christian congregation rests with the minister, and the hearers are precluded from the exercise of spiritual gifts in the public worship of God, is a departure from primitive Christianity. In regard to these things, beloved friends, accept the word of earnest exhortation: - Stand fast in the liberty wherewith Christ hath made us free.

But, dear brethren, let your stedfastness in these and in all other things, be in the meekness of wisdom. The truth leads into gentleness as well as firmness. Let us remember that "the wrath of man

worketh not the righteousness of God." The ways of the Lord are not our ways, nor his thoughts our thoughts: He is wonderful in counsel and excellent in working: be patient therefore, brethren. There is great power as well as safety in meekness and patience. Much of an agitated spirit prevails in our beloved country. May the Lord, who, notwithstanding its manifold sins, has so eminently blessed it, still extend his merciful care over it. We have ever maintained that it is our duty to obey all the enactments of civil government, except those by which our allegiance to God is interfered with. We owe much to its blessings; through it we enjoy liberty and protection in connexion with law and order; and whilst bound by our sense of religious conviction not to comply with those requisitions which violate our Christian principles, we desire ever to be found of those who are quiet in the land; a condition favourable to true Christian patriotism, and in which, services highly valuable and useful may be rendered to the community.

Various objects of a popular nature engage the public attention at the present time. We believe that many amongst us have, from philanthropic motives, taken an active part in promoting them. Some of these things are calculated to bring with them great excitement. We tenderly invite our brethren to consider, whether in any of the associations for these objects, there is a tendency to lead away from that patient exercise of spirit and that quiet self-examination, which are not only conducive but necessary to a growth in grace, which constitutes the healthy state of the Christian; and to be on their guard, lest such associations should gradually draw them into that assimilation with the world which is unlawful to a follower of Christ.

Since we last met together, multitudes of our fellow-countrymen have been in great distress. It affords us much satisfaction that many of our members

Tucker And

have, by pecuniary aid, manifested their feeling for the sufferers, and others have also diligently visited the wretched abodes of poverty and want. We encourage the continued active exercise of that sympathy which searches out the sorrows and alleviates the sufferings of the poor, the widow, and the fatherless. May none of us deprive ourselves of the privilege of exercising this Christian duty, or withdraw from its judicious performance.

The enormous sin and the wide-spread existence of the slave-trade and of slavery have afresh come before us. Whilst no active measure has been at this time adopted to hasten the termination of this system of iniquity, we believe that there is still a part to be taken by our religious Society collectively, and by its members individually, on behalf of our oppressed and enslaved fellow-men. The character of this sin, so offensive in the sight of our merciful Creator, and the miseries and injustice which are inseparable from it, are now so well known and understood that we have no excuse for not yielding our minds to the subject. May the day be near when every nation shall be free from participating in this complicated guilt. We are glad to observe that our dear friends in America, from whose several Yearly Meetings we have received acceptable Epistles, (as well as one from that of Ireland,) are alive to this cause, and that they do, from time to time, avail themselves of suitable opportunities to plead for the oppressed, before their rulers. The circumstances of the North American Indians are annually brought under our notice through this correspondence. Our sympathy is afresh excited for these deeply-injured people: we are glad to know that our dear brethren on the other side of the Atlantic continue their endeavours to do them good. The injustice with which they have been treated, and the cruel and arbitrary way in which the power of conquest has been and is still exercised by those who call themselves Christians, in countries

where the religion of our holy Redeemer is not professed, is a reproach to the nations which bear his name. May we all be so imbued with a sense of the benign, the peaceable, and the merciful character of his law, as to maintain a just and true sense of the wrongs which have been thus inflicted.

We are still subjected to suffering in the support of our conscientious scruple against the payment of ecclesiastical claims. The amount reported under that head, including the charges of distraint, is upwards of ten thousand three hundred pounds. We commend this our ancient testimony, to the close consideration of all our members. We regard the altered circumstances in which we are placed by the recent change in the laws respecting tithes, and the tendency, which is but too obvious, to various acts of ecclesiastical domination, as calling upon us to ask counsel of the Lord, and, by the help of his grace and the exercise of a tender conscience, to uphold our spiritual views of Christian truth with integrity and faithfulness.

Beloved friends! Short is the period of our mortal existence. May we all be established in a living faith in Christ. May we be found diligently occupying the talent entrusted to us, with a single eye to the service of our Lord. And may we every one, when we appear at the judgment-seat of Christ, be counted worthy to stand before the Son of man.
